

## The Herald and News

January 22, 1902, by Rev. R. C. Ligon, at the residence of the bride's father, Mr. T. P. Pitts, Mr. J. J. Johnson and Miss Alma Pitts—all of Newberry County.

**A Coming Marriage.**  
Invitations have been issued to the marriage of Prof. E. B. Setzler, of Newberry College, and Miss Una Lake, of this city. The marriage will occur at the home of Mrs. Lake on College Hill on the evening of the 18th. Inst.

**Meeting of Pension Board.**  
The County Pension Board will meet at Newberry Court House in the office of the County Superintendent of Education on Monday the 17th day of February at 11 o'clock a. m. I hope every member of the Board will be present as business of importance will come up before the Board.  
W. G. Peterson,  
Chairman.

**A Fireman's Close Call.**  
"I stuck to my engine, although every joint ached and every nerve was racked with pain," writes C. W. Bellamy, a locomotive fireman, of Burlington, Iowa. "I was weak and pale, with out any appetite and all run down. As I was about to give up, I got a bottle of Electric Bitters, and after taking it, I felt as well as I ever did in my life." Weak, sickly run down people always gain new life, strength and vigor from their use. Try them. Satisfaction guaranteed by all druggists. Price 50c.

**Silk Culture for South Carolina.**  
The Silk Culture Committee, whose exhibit in the Woman's Building at the S. C. Inter-State and W. I. Exposition is attracting so much attention, is now planning to have a Silk Culture Day in order to bring together those who are interested in this profitable industry. The date for this meeting will be announced later. In the meantime the chairman of this department desires a correspondence with the men and women of South Carolina who wish to engage in silk growing. Address, Mrs. Blackburn Hughes, to Legare Street, Charleston, S. C.

**Working 24 Hours a Day.**  
There's no rest for those tireless little workers—Dr. King's New Life Pills. Millions are always being sold for liver, jaundice, biliousness, fever and ague. They banish Sick Headache, drive out Malaria. Never gives or weakens. Small, taste nice, work wonders. Try them. 25c at all drug gists.

**Bargains in Real Estate.**  
The corner window at Jameson's is attracting considerable attention to passers-by. It is a pretty display of pretty Spring ties—50c. kind put on the market at 25c. This is only one feature of Jameson's mammoth establishment. He has had years of experience and time to study the tastes and he knows the needs of the people whom he is there to serve, and has an eye single to their satisfaction and benefit. Mr. R. C. Perry, his head clerk, is the right man in the right place and takes pleasure in pleasing the customers that come into this place of business. There are also Messrs. J. A. Edly, H. A. Copeland and Rufus Sellers, all of whom are polite, attentive and efficient young men, who are "jam up" in business methods and know how to do and take pleasure in serving the public.

**New York Thomasville Sleeping Car Line.**  
The Southern Railway announces, effective Thursday, January 9th, and continuing each Thursday thereafter, through sleeping car line will be inaugurated between New York and Thomasville, Ga. on train 33. First car northbound in this line will leave Thomasville on Plant System train connecting with Southern Railway, train No. 34 Tuesday, January 14, 1902, and each Tuesday thereafter during the winter tourist season.

**The Schumann Concert Tonight.**  
The eighth season for the Schumann Grand Concert Company speaks volumes in praise of this fine musical organization that is to appear at the Opera House tonight.

Mr. J. Saunders Gordon, its manager, is well known, both in this country and abroad, for his efforts in organizing combinations of musical artists and the success he is meeting with is fully deserved.

Miss Edith Adams, the famous violinist, is an attraction in herself, and her playing of the 'cello has won her world-wide fame. She has devoted many years to the study of this instrument, both in Europe, and today she is justly recognized as the ablest woman 'cellist in the musical world. Mrs. Robert Goldbeck, the pianiste, is the wife of Dr. Goldbeck, the composer, and both these artists have played before London's most aristocratic assemblages. Miss Lillian Beard, the contralto singer, is of English birth, and a pupil of Marescalchi. For a time Miss B. and sang the contralto roles with the Castle Square Opera Company. Mr. Walter E. McPherson, the basso, is well known as a concert singer and only lately refused a fine offer to join a grand opera company.

The sale of seats is open at Scholtz's Jewelry Store. Prices 25, 50 and 75 cts.

**Night was Her Terror**  
"I would cough nearly all night long," writes Mr. Chas. Applegate, of Alexandria, Ind., and could hardly get any sleep. I had consumption so bad that I walked a block I would cough fully and spit blood, but when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 35 pounds. It's absolutely guaranteed to cure Coughs, Colds, Lungs, Bronchitis and all Throat and Lung Troubles. Price 50c and \$1. Trial bottles free at all druggists.

## VARIETY AND ALL ABOUT.

The Schumanns Grand Concert Company will appear at the opera house to night.

The weather seems yet unsettled. The "ground hog" theory must be going to work this year.

The city council has sacrificed some more beautiful shade trees on the corner of Caldwell and Friend street.

The county political pot will soon begin to simmer. We have already heard of several candidates for the different offices.

Good dry wood is getting to be a scarce article around town these days. A lot of wood is being brought in, but most of it is "too green to burn."

On a cold day one of the most comfortable places of business in Newberry to visit is Wm. Johnson's hardware store. He always has a good fire and you are always welcome.

It has been suggested that the annual meeting of State Firemen's Association be held in Sumter this year, and the firemen of that city are already talking of a grand firemen's tournament. The Excelsiors will have to be represented and should have their horse and wagon by that time.

Auditor Cromer has asked us to state that the time for assessing property for taxation is growing short. The same expires on the 20th instant, only a few more days. Call and avoid the rush, for after the 20th, the 50 per cent. penalty is required added by the law. Remember this is the year to make returns of real estate.

The City Council will not consider the last proposition of the Bell Telephone Company until after the 60 days expires in which the Company has to accept the franchise given in the last ordinance passed. The time will expire within the next few days and the Council will likely take the matter up at its next regular meeting.

**Says He Was Tortured.**  
"I suffered such pain from corns I could hardly walk," writes H. Robinson, Hillsborough, Ill., "but Bucklen's Arnica Salve completely cured them." Acts like magic on sprains, bruises, cuts, sores, scalds, burns, boils, ulcers. Perfect healer of skin diseases and piles. Cure guaranteed by all druggists, 25c.

**Personal.**  
Mr. J. N. Fowles, of Columbia, was in the city yesterday.

Maj. L. W. C. Black left yesterday for a short trip to Charleston.

Miss Gussie Kibler left yesterday for Charleston to visit the exposition.

Mr. G. F. Wearn, of the Export-Import Co., left yesterday to visit the Charleston Exposition.

Mr. Rufus Werts of Liberty, S. C., is spending a few days in Newberry with relatives and friends.

Mr. and Mrs. C. L. Blease went to Columbia yesterday. Mr. Blease will accompany the general assembly to Charleston today and return tomorrow.

Messrs. Jas. V. Culbath, I. H. Hunt and George McWhirter returned Wednesday from Charlotte. They report a pleasant visit and say that Charlotte is a lively city.

Mr. J. E. Livingston, of the C. N. & W., was in the city yesterday. He is one of the most popular railroad men in the State and his many friends in Newberry are always glad to see him.

Miss Lizzie Teague, who has been visiting relatives in the Silver Street neighborhood for some time, has returned to her home in Florida. Mr. Walter S. Spearman accompanied her as far as Columbia and returned to Newberry Wednesday.

**A Negro Child Burned to Death.**  
At Kinston on Wednesday a little negro living on Mr. J. A. Dominick's place was burned to death. The child was standing near the fire, its clothing ignited and it was burned to such an extent that it lived only a short while. Another little negro tried to save the child from burning and was also badly burned. The children's mother had left the house for only a short while and they were alone.

"I have used Chamberlain's Cough Remedy for a number of years and have no hesitancy in saying that it is the best remedy for coughs, colds and croup I have ever used in my family. I have no words to express my confidence in it."—R. M. Kelly—Mrs. L. H. Moore, North Star, Mo. For sale by W. E. Pelham & Son.

**Dots from St. Philips.**

We have been having some bad weather.

There will be preaching at St. Philip's next Sunday evening at 8 o'clock.

The wedding bells have again rung in our midst. At the hospitable home of the bride's father, Mr. D. A. Ruff, Miss Biddie Ruff and Mr. H. M.pton Sease, were happily married January 26th, Rev. W. K. Sligh officiating.

Mr. J. J. Kibler has accepted a position with the Southern Railway as stenographer.

Mr. David Kibler has returned to his home in Texas after spending a month with his relatives and friends here.

The Legislature seems to be as usual, more talk than anything else.

Feb 3, 1902. Fairbertop.

**Every Healthy Boy**  
likes to get himself into places of danger. Hence bruises, strains and sprains. Mother sends and brings out the bottle of Perry Davis' Pain Killer and rubs it on the injured spots with an energy and frequency depending on the seriousness of the case. There is nothing like Perry Davis' Pain Killer to take out the soreness. There is but one Pain Killer, Perry Davis'. Price 25c. and 50c.

## DEATH OF MARGUERITE SALE.

A Sweet Little School Girl Carried Off By Pneumonia.

Just as dawn was breaking yesterday a little girl awoke to the morning of an endless day. The sweet child spirit of little Marguerite Sale was taken from this world where its mission, though brief, was one of love and of inspiration to all around her. Just six days had she been lying in the grasp of a most relentless case of pneumonia. She knew her condition and was ready to go home. The little girl was the daughter of Mrs. M. A. Sale, who for nine years had been a teacher in the Presbyterian High school. Little Marguerite, though but twelve years old and with the pure, affectionate heart of a child, was endowed with the intellect of one of more mature years, and her sweetly unselfish life made the world brighter for many.

The remains were taken to Newberry, accompanied by Rev. G. A. Blackburn, Mr. Claude Girardeau, Mr. A. M. Richardson and the little girl's brother, Mr. Douglas Sale, and there she was buried at the side of her father, the late Rev. M. A. Sale of the Presbyterian church.—The State, 6th.

The remains were brought to Newberry and buried Wednesday afternoon at Rosemont cemetery. Funeral from the residence of Mr. and Mrs. G. G. Sale.

## A CONSIDERATE SHERIFF.

The Office of the Western Union Telegraph Company Here Laid on—The Sheriff Accepts Bond and Allows Them to Continue Business.

The property, real and personal, including the franchise and right of way of the Western Union Telegraph Company in this county was laid on by the sheriff a few days ago and advertised in our last paper for sale on salesday in March, to satisfy a judgment of \$1,200 obtained in the case of D. P. Ward against said company.

Sheriff Buford had it in his power to close the office here on last Wednesday, but the company offered a bond, which the sheriff knew was sufficient to cover the amount, and it being discretionary with him whether or not to accept it, he took into consideration the hardships of the public should the office be closed for thirty days, and accepted the bond; so the telegraph office is running as usual and the plaintiffs are secure. This was a considerate act on the part of the sheriff.

**For Stomach Troubles.**  
"I have taken a great many different medicines for stomach trouble and constipation," says Mrs. S. Geiger of Danforth, Iowa, "but never had as good results as from Chamberlain's Stomach and Liver Tablets." For sale by W. E. Pelham & Son.

## NEWBERRY COLLEGE DAY.

At the Charleston Exposition Has Been Fixed—The Students Will Go Down in a Body.

The second day of April has been fixed by the authorities of the Charleston Exposition as Newberry College Day. A special train will leave Newberry on the first carrying the students, alumni, and friends of the college. The whole day on the second will be spent at the Exposition. Most of the students have already signified their intention of going, and no doubt there will be a large number of the alumni and friends of the college who will accompany the party.

The program in detail will be announced later.

When you lack energy, do not relish your food, feel dull and stupid, after eating, all you need is a dose of Chamberlain's Stomach and Liver Tablets. They will make you feel like a new man and give you an appetite like a bear. For sale by W. E. Pelham & Son.

## BASEBALL AT THE COLLEGE.

Coch Warren Getting the Team Organized and in Shape.

Work on the organization of the Newberry College baseball team has already commenced and the boys are getting down to hard practice. The team this year will be trained by Mr. W. E. Warren, of Washington, D. C., who is well known, both in baseball and social circles. He was with the team last year, and did some excellent work. Last year he played with Wilmington in the Virginia-Carolina League and has signed with Birmingham, in the Southern League, for the present season. He says the prospects are very bright that Newberry is going to have one of the strongest teams in the State. Most of the players on last year's team are at college this year, and there is some excellent new material from which to pick.

The team will have support of faculty and the whole college and may rest assured that the support of the citizens of Newberry will not be lacking. We hope it may not lose a game this season.

## Something That Will Do You Good.

We know of no way in which we can be of more service to our readers than to tell them of something that will be of real good to them. For this reason we want to acquaint them with what we consider one of the very best remedies on the market for coughs, colds, and that annoying complaint, croup. We refer to Chamberlain's Cough Remedy. We have used it with such good results in our family so long that it has become a household necessity. By its prompt use we have not a doubt but that it has time and again prevented croup. The testimony is given upon our own experience, and we suggest that our readers, especially those who have small children, always keep it in their homes as a safeguard against croup.—Chambers (S. C.) Messenger. For sale by W. E. Pelham & Son.

## RURAL DELIVERY ROUTES.

Information of Interest to Those Desiring Them.

Post General Superintendent A. W. Macdon, of the rural delivery system of the postoffice department, at Washington, Postmaster Bynum has received the following in regard to proposed rural delivery routes in this county:

Sir: On Feb. 1, 1902, the order of the president classifying rural letter carriers will become effective. All selections for the position of carrier after that date will be made in accordance with rules prescribed by the civil service commission.

There is on file in the postoffice department three petitions praying for the establishment of service from your office, Nos. 52430, 58585, 59886. In order to facilitate the work of the special agent when he reaches your office it will be necessary to secure applicants for the position of carrier in advance of his arrival. You will therefore advise as many of the petitioners as you can reach to suggest the names of three or more persons whom they deem capable and who are willing to act as carrier. You will also receive the names of others who may apply for appointment. The special agent will notify you in due time of the day he will arrive at your office so that you may notify the applicants to be on hand to take the prescribed examination which will be extremely simple and practical, only sufficient to test the applicant's ability to read and write.

Applicants must reside directly on or within the territory to be supplied by the proposed route.

Each applicant must be prepared to furnish a suitable horse and cart or wagon for use of the service.

Applications of persons under 17 or over 55 years of age will not be received except in the case of honorably discharged soldiers and sailors of the Civil war or Spanish war who are physically able to perform service.

Applications of badly crippled or deformed persons will not be considered.

Applications of women will be received but a woman will not be recommended for appointment to the position of regular carrier unless in the judgment of the special agent who will conduct the examination, local conditions and circumstances are such as to make the recommendation desirable and for the best interest of the service.

You will post this letter in a conspicuous place in the public part of your office and after ten days submit to this office the names of those who desire to take the examination.
